

UPDATE 3.23.2020

CCA is committed to doing its part to be a responsible community partner to all those affected by the COVID-19 crisis. We want you all to know that the safety of our employees, customers, vendors and the general public is at the forefront of our thoughts and our actions. With that in mind, we would like you to know that CCA has reviewed the most recent guidance and directives issued by Governor Baker. **We will continue to operate and provide our products and services to the many infrastructure projects and to our customers who serve those projects as well.** We will continue to monitor developments in our community as well as future actions and directives by the Commonwealth of MA and the Federal Government. Additionally, we will continue to insist that for the benefit of everyone, all recent protocols initiated by both the CDC, the State and CCA be respected and strictly adhered to for the safety of us all.

We are confident that if we all do our part and respect the process, as difficult as this will be, we will get through this together. If you have any questions, please call, or email us. Our contact info can be found on our website, [www.capecodagg.com](http://www.capecodagg.com).

Thank you and please stay safe and healthy.
